

Please uphold the current Wisconsin Do Not Call List rules and regulations. As a college student the do not call list has been a blessing, with its current regulations in Wisconsin, because it has stopped all annoying phone calls that would hamper my studies in my apartment. I used to get 2-3 calls a night from telemarketers. Now it has stopped as the DIRECT result of the do not call lists current rules. Have the companies advertise the old fashioned way in newspapers, online, and with mailers. If I am interested in what they are selling, I will see it through those mediums. In fact all of the calls just took advantage of seniors, and annoyed those of us that understood what the people were talking about.

If you would like me to testify, I would be more than willing.

Thank you for considering my comments.
